DOWN THEY WENT AGAIN!

WHAT MCGANN DID TO 'EM YESTERDAY WAS A PLINY.

The "Newwoods" badly worsted in an Electrical Wind-up of Their Second Game With Mayville.

It was pure, old-fashioned Nigger luck, coupled with heavy and timely batting, that won yesterday's game of ball for the Locals.

The Newwoods went to the bat with a look of determination stamped upon their brows,—and also a look of confidence, as Sammy Lever was the whole club,—but they had gone far they realized that Sammy was no match for the Locals, as they hit him safely eight times, and that a remarkable performance, considering the thirteen men he struck out. He is as slow as a Lexington patrol wagon, though.

The runs that were made were very near all on errors and wild throws, but one being earned.

The Locals played as if they didn't care how many runs the visitors made, judging from the amount of costly errors they had chalked up to their credit.

Wellner pitched a fairly good game, he throwing the ball over the plate and allowing the field to do the work. The visitors touched him for ten safe hits, but the rank errors the boys made in the field were what made the score run up so high.

Tenley was as wild as it was possible for him to be, thinking at one time that McGann was dangling at the end of a rope from a balloon.

But we won, and it is as plain as the nose on your face that the Locals can play ball when they want to.

Captain McGann is the slickest ball player ever on a field, while Helman is extremely fond of blaseed food, as the great running catch he made brought forth any amount of applause—deserved, too.

The Newwood team is one that will stand a great deal of practice. They are a set of gentlemen who don't know how to play the game.

This is how the runs were made on both sides:

Perry couldn't find the ball. Wright slammed one left for two bags, and went to third on a passed ball. Kellner kicked the ball after he had hit it. Lever scratched, and went to second on a wild throw. Wright scoring. Kohle went out to McGannburg.

Cox couldn't connect. Four balls flew by and "Shag" took a walk and scampered to second. McGann made a little one, went to second and Hall moved up a notch. Helman took a walk. Helman poked the pill into center for two sacks, Hall, McGann and Helman rubbering. Tenley hit to Lever, out via Schulte, Sutherland hit in front of the rubber and was thrown out at first.

Schulte punched one over third and went to second on a wild throw. Renner went out to Sutherland. Schulte scored on a wild throw. Bender out, McGann to Sutherland. Wadsworth gathered in Elberfeld's high fly.

Wadsworth and Wellner made six terrible swipes at the wind. Cox took a pre-ent, and was caught trying to swipe an- other.

Perry didn't see the leather. Wright fouled out to Sutherland. Helman walked over to the fence by the bleachers and pulled in Kellner's foul fly.

Hall tried, but couldn't. McGann poked a hot one to Renner, who erred, and Mac promptly took in second. Renner took a fan, and Mac third. Helman poked, took a walk and second. Tenley contributed one to center, and Mac and Helman ambled home. Tenley was caught at second.

Lever gouged one into center. Kohle smashed one to Hall, who caught Lever up a notch. Bender gave a leg. Helman was waiting for Schulte, and promptly threw to McGann, who gave Kohle and Schulte a cipher.

Sutherland pushed one into center. Wadsworth got a present. Wellner found a hole in the pill three times. Cox sacrificed the two runners up a leg. Hall hit to Renner, who erred, Sutherland scoring. Wadsworth went into a trance at third and was caught.

Renner took a trip to Sutherland via McGannburg. Bender gave a leg. Helman was waiting for Schulte, and promptly threw to McGann, who gave Kohle and Schulte a cipher.

Sutherland pushed one into center. Wadsworth got a present. Wellner found a hole in the pill three times. Cox sacrificed the two runners up a leg. Hall hit to Renner, who erred, Sutherland scoring. Wadsworth went into a trance at third and was caught.

Renner took a trip to Sutherland via McGannburg. Bender gave a leg. Helman was waiting for Schulte, and promptly threw to McGann, who gave Kohle and Schulte a cipher.

THE WOMAN'S PRAYER SERVICE

will be held in the M. E. Church, South, on Friday afternoon, July 13th, at 4 o'clock. All are invited.

Constitution, an exceedingly dangerous condition of the bowels, is nearly always the result of carelessness and inattention to the calls of nature. To correct irregularities and restore healthy movements, the best remedy is Ayer's Pills. They are easy to take.

The sun's glare is most trying on that sensitive organ—the eye. Out of doors the bright light causes intense pain, and many people go about with half-closed eyes. Prompt relief for this unpleasant feeling is had with glasses, correctly fitted as to kind and color. And from our long experience, we know just how to fit them.

BALTIMORE, Jeweller and Optician.

For Sale!

A Combination Bicycle, for either lady or gentleman. New, and just a it came from the factory; cheap for cash. Apply at this office, where it may be seen.

WEEKLY CROP REPORT.

UNCLE SAM'S WEATHER CLERK ON THE PROSPECTS.

Condition of Cereals and the Small Crops Through Kentucky Up to Monday Evening Last.

The week was characterized by a continuance of the favorable conditions reported last week. The temperature and sunshine varied but slightly from the normal, and were sufficient for the needs of all crops. Scattered showers fell in several portions of the state during the early part of the week, but the rains of the 6th and 7th were general and in some places very heavy. The amounts reported by correspondents in various parts of the state usually exceed one inch, though in several of the Central and Southern counties have been reported as much as two inches at Princeton in Graves county states that 3 1/2 inches fell during the week. This is by far the largest amount reported to this office for the week.

The general tone of reports continues to be useful, and while several important crops have not come up to expectations, the outlook for all which will be harvested from this time on to the end of the season is very promising.

The work of the weather bureau has been completed during the week, and the results are being published in the Western half of the state. Reports so far yield continue to be confident, though but very few correspondents estimate that the crop will be up to the average generally speaking, the yield much less than what was expected. The quantity of the grain is not up to the standard. Considerable damage to wheat in the above result from the rains of the week. The rain has been interfered with the work of threshing to some extent.

No crop has improved more under recent favorable influences than oats. Harvesting has commenced in places, but the work is not yet fully up, having been delayed by the rain. Nearly all correspondents report a good yield in prospect, and some state that it will be exceptionally large, and in fact, the reports so far will be generally good throughout the state during the next few days, provided the weather will permit.

The reports so far are relatively good, are practically a repetition of those received last week. There is scarcely a dissension from the general opinion of farmers that the prospects for the crop are highly encouraging. Many state that the present outlook is the best in ten years. The weather conditions of the past month have been especially favorable to this crop, and although it is still slightly late, and its growth somewhat uneven in places, it is generally good, and of good color.

It is unusually clear of weeds and grasses, though in a few localities where the rains have been frequent, and the present cultivation there is some complaint of weeds and grasses. Generally speaking, however, the greater portion of the crop is "laid by" in the condition. Some fields upon low grounds were damaged from overflows. A few correspondents report that the chinch bug is laying a little, but it is not yet abundant, and no serious general injury is anticipated from it.

Tobacco shows an improved condition over the reported last week. It has been generally benefited by the recent rain, and the plants are growing very rapidly. The majority of correspondents state that the growth of the crop is uneven, but the will overcome with a continuance of favorable weather conditions. Some of the plants are now in the top in the Southern counties, and in general outlook for the crop is very encouraging.

Pastures and meadows were improved during the week, and the soil in poor condition, and the latter are now too far advanced for any further betterment in their condition to be expected.

Gardens are much better than was anticipated some time ago, and such produce as has been harvested is generally of good quality. Late fruits promise well, but the earlier ones, especially peaches, are, as a rule, short and very inferior in quality.

Of Interest to Ladies.

We offer no apology in placing before you this valuable and reliable friend. It is a reliable, easily adjusted, does not become misshapen, and affords protection. Can be worn when desired without observation or knowledge of another, and prevents disagreeable annoyance under certain conditions. If you use it once you will never be without it. It is a valuable and reliable friend, and is needed by special circumstances requiring its use. It is an article every woman should have, and is a simple and easy to use, and inspires confidence to the woman using it. It is reliable and scientifically made, insures protection without injury to health, and is a valuable and reliable friend. We are of the opinion that no article has ever been made which will give so much satisfaction to the woman of today as the Ladies' Safe Protector. The immense sales of this article is a substantial endorsement of our claim. Do not therefore experiment with any of the numerous unreliable articles, as it is both dangerous to health and expensive to do so. It is a valuable and reliable friend, and is needed by special circumstances requiring its use. WE'RE FOR AMERICA'S AMERICANS!

REPUBLICAN TICKET.

PARTY DEVICE—THE LOG CABIN.

Governor, W. C. BRADLEY of Garrettsville.

Lieutenant Governor, W. J. WORTHINGTON of Greenup.

Auditor, SAM H. STONE of Madison.

Secretary of State, CHARLES FINLEY of Whaley.

Treasurer, GEORGE W. LONG of Coshocton.

Attorney General, W. S. TAYLOR of Butler.

Superintendent of Public Instruction, W. J. DAVISON of Polk.

Register of Land Office, C. O. REYNOLDS of Fayette.

Commissioner of Agriculture, L. C. MOORE of Martin.

KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited coinage of silver, believing that it will tend to depreciate the currency in financial panic. We believe in a sound currency and in the use of gold and silver for coinage, provided always that the dollar is made practically as valuable as a dollar in gold.

We favor a tariff on regulated so as to protect the interests of all classes of citizens upon articles that may be successfully manufactured or produced in this country, thus insuring good wages to the laborer and a home market for the producer; and in connection with this we favor the re-establishment of the doctrine of reciprocity. We believe that such a system will bring every Government expense, gradually liquidate all our indebtedness, relieve public confidence and relieve to the near future the excessive and unnecessary taxation of the people.

We favor an American policy which will protect American and American interests in all parts of the world at all hazards and will sympathize with struggling Republics rather than support monarchies.

It looks very much like the only way the great and only GROVER will be able to perpetuate his perverse policies will be by conferring the right of suffrage on women. GROVER wanted a boy, but the good LORD sent him another girl.

HON. J. F. PORTER, an ex-Populist member of the Legislature from Webster county, says the rank and file of free silver men in Western Kentucky will not vote for HARDIN for Governor because of his acceptance of the nomination on the gold platform. He thinks Webster county will give a big Populist majority and estimates that PETTIT, the Populist candidate, will get 65,000 or 75,000 votes. If Mr. PORTER's figures are anything like correct COLTON BRADLEY will be Kentucky's next Governor by 25,000 majority.

"You pay your money and you take your choice." Chairman JOHN W. TAYLOR of the State Central Committee, which will direct the campaign of the Republicans, says BRADLEY will win by 25,000. Hon. W. E. RILEY of Louisville estimates a majority of from 18,000 to 25,000 for the entire state ticket. Congressman JAMES B. MCBRYAN, candidate for the Democratic nomination for United States Senator, thinks the Democratic ticket will pull through by 15,000, while Colonel JOHN H. WHALEN, the Louisville Democratic boss, who knows a cyclone when he sees it, con-

Good for nothing

Yes, that describes how I feel.

I have no energy left, nothing interests me.

My strength has left me and I have no inclination to work.

No one would take me for the same person that I used to be.

I look and feel forlorn and miserable.

My spirits are low, I feel despondent and I can't sleep at night.

I am constipated and my digestion is out of order.

I feel almost hopeless, it seems to me that I shall never be strong again.

Cheer up, your case is far from being hopeless. You are suffering from general debility, your nerves need toning up, you lack vitality.

The cure lies in enriching and purifying your blood and strengthening the system. You should take Brown's Iron Bitters. It will restore you to robust, perfect health. You will improve from the first bottle. This remedy is pleasant to take and is a very powerful strengthener. It does not stain the teeth. But get the genuine—the one with the crossed red lines on wrapper.

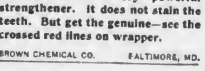

BROWN CHEMICAL CO. BALTIMORE, MD.

ing, expects defeat for the entire Democratic ticket by 30,000 or more. So here you have a variety of opinions.

John McClone, aged about 8, was run by a wagon on East Fourth street Tuesday afternoon and painfully injured about the hips.

FLOTSAM AND JETSAM!

Driftwood Gathered and Split for Ledger Patrons.

Two boatmen are still hopeful and may anticipate better water.

The Proctor K. Smiley is coming with ten rats of logs for Louisville.

At Oil City a rise of 9 is reported, which indicates a good boating stage.

New Kanawha river is rising slowly. At Kanawha a rise of 1 is marked.

The E. A. Woodruff has removed all the obstructions in the river between Cincinnati and Louisville.

Every packet that goes into Cincinnati is loaded down to the gunwale with freight and the shipments of stock are also quite heavy.

French's showboat that passed here ten days ago has left Cincinnati on the run to New Orleans. The other boat is yet in the upper Ohio.

Great care is being taken by Captain Frank Ellison in building the new Virginia. She will receive her decking before she is planked. This will leave her hull clean from all dirt. Expert boat builders claim she has the finest model of any sternwheel boat afloat.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give you Hundred Dollars for any case of Deafness caused by catarrh, but cannot be cured by Halls' Catarrh Cure. Send for circulars, free.

HORRIBLE.

Elk Festivities End With An Appalling Accident.

The Floor of the Hall Gives Way and Hundreds of People

Drop to the First Floor, a Disastrous Twenty-Five Feet—A Large Number of Persons Sustain Terrible Injuries From Which Several May Die.

ATLANTIC CITY, N. J., July 11.—A frightful accident terminated the Elk festivities at Inlet Casino, Wednesday night, in which a large number of persons sustained terrible injuries, from which some will die. It was 12:30 o'clock when grand exalted ruler of the Buffalo body, Mr. Detweiler, of Harborsburg, last finished his address to the opening of the social session of the elks and was about to introduce James J. Armstrong, of New York, when a crack from the stand was heard.

A moment later the stand upon which were almost a thousand people slowly opened and the mass of humanity was precipitated to the first floor, a distance of 25 feet. Men, women and children were plunged into the hole and upon one another.

Shrieks and groans were deafening and the direct confusion reigned. An alarm was immediately sent out, and all the physicians in the room responded to the work of extricating the injured people rapidly and by 12 o'clock they had all been removed to the hospital or their hotels.

By 9 o'clock more than 1,500 people had gathered on the second floor of the pavilion, anticipating a pleasant evening's enjoyment. The bands attached to the visiting lodges had given a fine concert, and Capt. Samuel Perry, of the Atlantic City lodge, had just begun the preliminaries of starting the social session.

There were several hundred people who had noticed the shivering of the floor and left the pavilion, fearing that the great weight would lead to its destruction and the consequent injury of the merry-makers.

Among these cautious people were a number of members of the Camden lodge. Fearing to create a panic, they quietly approached some of the members of the visiting lodges and discussed with them the advisability of bringing the affair to a close, so as to save the lives of the people.

While they were yet talking the crash came. A portion of the floor, some thirty feet square, located about the middle of the pavilion and near the railing on the board walk side, came tumbling down, bringing along with it some hundred people.

In a second the electric lights on the second floor were extinguished, but luckily those on the lower floor kept burning long enough to permit some of the panic-stricken people to get to the stairway which remained intact and reach the board walk. Men, women and children were jammed together, trying to escape by the stairway, while the victims of the crash were screaming from the fallen beams and timbers. When the first feeling of panic had subsided the rescue of their injured brothers and friends, indifferent as to the danger that confronted them, as they did not know the extent of the disaster, was the first thought of the members of the pavilion which buried them beneath its ruins.

While the work of rescue was going on the lights on the first floor became extinguished and plunged the place into darkness. Men ran to the car barn of the trolley road nearby and obtained a number of headlights from the cars. These were most useful in assisting the work of the rescuers.

In the meantime the people who were seated in the vicinity of the break found themselves in imminent danger of falling through the hole. Indeed, some were obliged to clutch the edges of the floor to keep themselves from falling through.

Among the injured are the following:

At the United States hotel, C. M. Foot, of Minneapolis, collar bone and arm broken; C. R. Lombard, of Boston, feet mangled and arm fractured; J. H. Duke, of Joliet, Ill., badly injured on the head and about the face.

At Schaeffer's hotel—James Long, of the Internal Revenue service, Philadelphia, injured about the face and nose broken; Ullie Lee, of Camden, internally hurt; Charles Powell, of Camden, N. J., left leg broken; George J. Neelich, of Camden, leg mangled.

At the Majestic—Charles J. Armstrong, exalted ruler of the New York lodge of Elks, internally injured; and also his little ten-year-old daughter, Mrs. Japha and her niece, Miss C. Friedenthal, of New York, suffering from slight internal injuries.

At the Albemarle—Mrs. C. Meyers, of Philadelphia, leg fractured; Mrs. R. A. Liverly, of East Liverpool, O., spine injured.

In addition to the above, the following are at other hotels: Prescott Eckerman, of Mount Holly, N. J., of Jennings band, leg broken; Frederick La Proth, of Camden, of Jennings band, internal injuries, probably fatal; J. McElvaine, of Camden, of Camden's theater, Philadelphia, eye cut and leg badly cut; Mrs. Janison, compound fracture of leg; Mrs. Anton Weber, of Brooklyn, back injured; Mrs. Bennett, bruised about limbs and teeth knocked out; John Thron, of Baltimore, severe cut on the head; James Long, of Camden, a revenue officer, nose broken; Mrs. William W. Mines, of Camden, fractured elbow and badly bruised; Frank Williams, cornet player, ankle fractured; J. L. Reardon, Mount Holly, N. J., baritone, ankle fractured; G. L. J. Guest, clarinet player, leg broken; E. Demond, internally injured; Frank Bolton, eye cut and badly injured; Dr. Frye, of Pocomo, Va., seriously bruised and leg sprain; Dr. J. C. F. E. of Pocomo, Va., leg badly bruised; Mrs. C. E. Sheriff, left side bruised; Mrs. William Lee, badly

shaken up; Mrs. R. Glasser, very seriously bruised; Mrs. Colvin, of Allegheny, Pa., head cut and left limb bruised; Mrs. Knox Little, of Newburg, N. Y., badly shaken up; Mrs. Lee, Camden, internally injured; Mrs. James Armstrong, injured internally; Monroe Harringer, of New York, both legs broken; Mrs. Fleischman, of New York, fractured neck; Leopold Frye, Philadelphia, leg broken; Antonio Danon, of Jennings' band, leg broken.

Mrs. Neill, wife of Frank Neill, Baltimore lodge, leg hurt, taken to the Madison house; Maj. Wolf, leg injured; Mrs. Duffel, Camden, sprained ankle; Mrs. Morris A. Rogers and Mrs. Wm. E. Husted, badly bruised about the body; Byron W. Orr, editor of the Social Session, ankle sprained; Mrs. Orr, ankle injured; Horace Grant, of N. J., leg broken, head cut and badly bruised about the body; Mrs. John L. Lechner, Camden, seriously injured and taken to Schaeffer's; Mrs. Trendwell, of Boston lodge, past exalted ruler, seriously bruised, but injuries not dangerous.

Frederick Clapproth, a member of Jennings' band, of Camden, died at the city hospital late Wednesday night as the result of internal injuries.

All Persons Drowned.

NEW YORK, July 11.—Six persons were drowned here Wednesday night.

While three men and two women, whose names are as yet unknown, were taking an airing on the string-pole of Pier No. 37, East river, they lost their balance and fell into the river. All three were killed.

Before aid could be rendered all were drowned.

David Watson Drowns.

JEFFERSONVILLE, Ind., July 11.—David Watson, the life-time convict, who Tuesday tried to leap to Heaven and fell on the floor of the prison south, died Wednesday afternoon at 1:10 o'clock. His leg was broken by the fall, but it was not known that he had received internal injuries. He was lame, and would soon have been removed to the insane asylum.

Three Missing Trappers Found.

SALT LAKE, Utah, July 11.—Information comes from Moscow, Idaho, of the finding of three trappers near Hot Springs, the place from where the Colgate party started on their terrible trip down the Clearwater river. Two of the men were dead and the third, Virgil Bowman, was in such a condition that life was almost extinct.

Railroad to be Sold.

SPRINGFIELD, Ill., July 11.—Judge Allen entered a decree in the United States court Wednesday morning, ordering a sale of the Chicago, Peoria and St. Louis railroad within four weeks from date of publication. The sale is to be made under foreclosures by the Mercantile, Central and Metropolitan Trust Co.'s, of New York.

Desperate Criminals Escape Found.

ST. LOUIS, July 11.—A special to the Chronicle from Chillicothe, Mo., says that four desperate criminals made their escape from the Livingston county jail in that city at an early hour Wednesday morning.

The escape was accomplished by effecting by taking up the stone floor near the wall and digging out through the foundation.

A Mother's Terrible Crime.

PITTSBURGH, July 11.—Mrs. Lena Roemer, the wife of a tanner residing on Spring Hill, Allegheny, Wednesday hung her three-year-old daughter and seven-month-old baby. After committing these crimes she hung herself. The cause is attributed to ill health.

Stanford Case to be Appealed.

SAN FRANCISCO, July 11.—Judge McKelvie Wednesday morning gave notice in the United States circuit court that he would appeal from the decision of Judge Ross on the demurrer in the Stanford case. The case will now be taken to the circuit court of appeals.

A Pennsylvania Murderer Rescued.

HARRISBURG, Pa., July 11.—The governor Wednesday respite Alpert W. Woodley, the Allegheny county murderer, until October 28. He was sentenced to be hanged July 15.

Dead Worth Six Millions.

OTTAWA, Ill., July 11.—Beth Richards, who was the wealthiest landowner in California, died at Oakland, California, aged 83. His wealth is estimated at six millions.

All our 10-cent Lawns, Dainties and Ducks at 7½ cents.

THE MAYSVILLE REPUBLICAN

WEEKLY PUBLIC LEDGER.

Did U?

Did you ever think that relatives or friends who have moved to distant places—gone West, perhaps, to grow up with the country—ever wished to hear from their "Old Kentucky Home"? And did it ever occur to you that a single copy of THE MAYSVILLE REPUBLICAN—the weekly edition of The Public Ledger—contains more home news than you could embrace in a hundred ordinary letters? And did it ever strike you that you can send a single paper to your relatives and friends for a whole year at less cost than you can write a letter every week? Besides, don't you think a year's subscription to THE REPUBLICAN would be a present highly appreciated by those at a distance? Suppose you try it and hear what they have to say on the subject.
